proudly present your 2010

Dance Recital Video

Rosemary's School of Dance is excited to have East Coast Video professionally produce our Recital Videos this year. They have been creating top quality dance videos for more than ten years. Our performance will be filmed using two digital cameras to capture the best picture and clearest sound. The video will be fully edited with multiple camera angles and the titles of each song. It will also feature a special Pre-Show Montage of dancers before showtime and a segment of Show Highlights with video clips from each routine and Hollywood-style rolling credits listing every dancer's name. Each DVD will include scene chapters and be packaged in a custom-designed DVD case featuring still images from our recital on the cover.

You will Treasure These Dancing Memories Forever!

"Everything Old is New Again" Recital DVD
