Understanding Dance Education

As a parent, the financial support of your student is important, but of equal—perhaps even greater—value is your emotional support. Encourage your child to be the best that he or she can be without regard to what others may achieve. Dance is an individual art form; each child needs to achieve at a pace that's comfortable for him or her. No two students will progress at the same rate, even if they experience the exact same training. It's important to encourage the children to focus on themselves, give their all, and be satisfied with their own accomplishments.

Dance education encompasses far more than technique or the steps your children will learn. We believe the discipline of dance training gives young people a better understanding of commitment by offering them the chance to learn, experience the spirit of teamwork, and understand what hard work can accomplish. Our goal is to educate the minds, bodies, and souls of our students, to teach them the skills needed for a successful life, whether or not they stay involved in dance.

Class or Choreography Placement

The school faculty meets regularly to discuss the students' progress and/or placement. It is our policy to offer appropriate opportunities to every child. Placement decisions are derived from many years of teaching experience. Often a child is placed in a particular group or class where he or she will feel confident, in order to promote the development of self-esteem. Some dancers who are placed in a higher level become discouraged, only to lose their passion for dance. Others respond to the challenge of being in a class with dancers who are more proficient by pushing themselves to work harder. Placement is highly individual and the factors that go into the decision are complex. Please see the school's director if you have questions or concerns about your child's placement.

Do's and Don'ts

Some parents may compare their child's progress, class or choreography placement to that of others in the program. Watch for this behavior in your children as well, and encourage them to focus on their own accomplishments. Looking to others for inspiration is a good thing; however, a negative focus or comparison distracts from the energy that could be focused on becoming a stronger dancer. In addition, speaking negatively about your child's teachers, fellow dancers, or other parents in front of your child—or other students—could result in problems far beyond your original concerns. Often children will react to their parents in a way that imitates the parent's behavior with other adults or authority figures.

Children learn important lessons from their teachers and parents, acquiring important behavior patterns through their example. Our school's faculty takes that responsibility seriously. It's our philosophy to encourage our students to feel, think, and act respectfully to their peers, the adults in their lives, and themselves.

If you have questions or concerns about your child's dance education, don't panic—and please don't talk only with other parents when questions arise. Make an appointment to speak directly to your child's teachers or the director of the school. Please conduct all communication through the school office rather than approaching your child's teacher or the director between or during classes or calling them at home.

If you do request a conference, please listen carefully to what your child's teachers have to say. They spend a significant amount of time with your child and can offer expertise in the field of dance education.

Student Conduct

All students are expected to be on their best behavior during class as well as in the dressing and waiting areas. No student should be left more than 15 minutes before or after their scheduled class. Restrooms should be used in- between classes only. All persons involved with the studio are expected to conduct themselves properly and in a civil manner. There are many students coming and going from the studios at all times. Please be careful not to leave personal belongings in the building. The doors are locked after the last class of the day and not reopened until the next scheduled class.

For Dancers and Parents

Rosemary's School of Dance and/or staff members are not responsible for any damage claims, injuries or loss of property while at the studio and/or sponsored events.

Attendance

Attendance is necessary to progress in dance training at any age or level. If absenteeism is frequent it is at the instructor's discretion whether to allow participation in the Annual Revue. This is only fair to those students who attend regularly and are keeping up with the class progression. Attendance is a consideration for a student's proper placement and can affect progression in levels.

Annual Revue

It is our honor and privilege to announce that the 2019 Annual Revue, or Recital, will be held on **Friday, June 28th and Saturday, June 29th at THE VETERANS MEMORIAL AUDITORIUM!** The success of our school and recent growth has allowed us to give our students the experience of a lifetime! We are so pleased to share this with you! Below you will find some more information about the Recital. It is imperative that parents and students read all information thoroughly. Normally our Recitals are held at the Providence Performing Arts Center. This year due to the National Tour of The Band's Visit beginning in Providence all PPAC dates were moved to the VETS. This Tony Award winning musical will kick off its National Tour right here in RI and will be at PPAC the ENTIRE month of June for rehearsals and show dates. It is highly acclaimed!

More VETS Recital Information...

Everyone entering PPAC will need to be a student or ticket holder. VETS ushers will not allow non-ticket holders to be in the building. Small children are not able to sit on an adult's lap.

One learns to perform by performing. The Recital is to demonstrate talent and is part of the training experience. The Recital aims to develop the student's poise, confidence, pride, and also to increase their knowledge and appreciation of the Arts. Since there is training and discipline involved we attempt to create a professional attitude. All is done to make this a pleasant and worthwhile experience for you and your child.

Awards at the Recital are presented to students who have taken **5** or more years of dance training. Certificates for 1st and 2nd year students and medals for 3rd and 4th year students will be given in class at the end of the dance season.
